

**We empower you to
build a cyber resilient
organization**

In **Gartner
Magic
Quadrant.**

Your One Strategic Partner in Cloud & Information Security

Odyssey is a leader in Cloud & Information Security, supporting organizations around the globe into their cyber resilience journey.

For more than two decades, we continuously evolve our Cloud & Information Security solutions, services and products to support our clients in effectively managing their digital risks and adhering to compliance requirements.

Odyssey's Advisory Services empower you to build a cyber resilient organization to effectively anticipate, respond, swiftly recover, and adapt to the emerging threats and vulnerabilities of a dynamically expanding and unpredictable threat landscape.

Our holistic approach combines the ClearSkies™ Threat & Vulnerability Management Platform, Managed Security Services (MSS), Governance, Risk & Compliance, Threat Risk Assessment services, Cloud Security and Integrated Solutions, to support your cyber resilience efforts.

Odyssey's award-winning ClearSkies™ Threat & Vulnerability Management Platform is a suite of products that empowers organizations to unlock the intelligence of their log & event data, delivering real-time visibility into their security posture, and enhancing their detection and response capabilities.

Odyssey is included in Gartner's 2021 Magic Quadrant for Security Information and Event Management, with ClearSkies™ SIEM.

Odyssey is ISO 27001, ISO 9001 and ISO 22301 certified, and accredited by the Payment Card Industry Security Standards Council (PCI SSC) as a Qualified Security Assessor (QSA). We are also honoured with the globally recognised Great Place to Work® certification, the assessment methodology used by "The Fortune 100 Best Companies to Work in America".

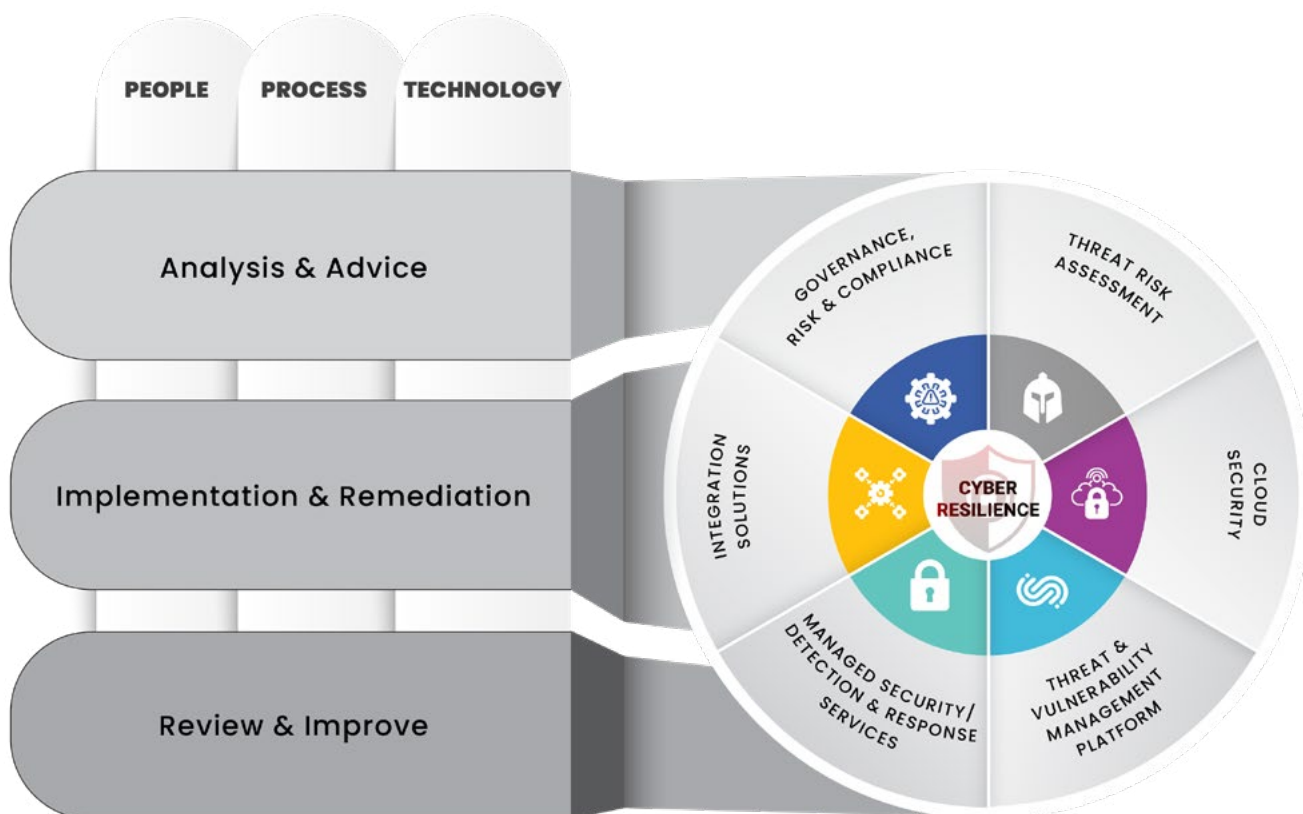

Advisory Services and beyond

Odyssey's Advisory Services go beyond traditional advisory practices to support organizations in designing security and resilience into their overall business strategy. Our "Secure & Resilient by Design" approach ensures that procedures, controls and policies are built into the evolving IT ecosystem. This enables your organization to continually Manage, Monitor, and Maintain your Information Risk posture.

What makes our Advisory Services go over and above is our combined expertise and accumulated know-know of a unique blend of talented specialists with years of experience

with organizations of different sizes and complexity, across different industries. With a single focus on Cloud & Information Security and six pillars of a complete range of products, solutions and services, we empower you to securely conduct your business in the digital era and safeguard your business continuity.

Each of the six pillars, both separately or in combination, enables you to manage Digital Risks in all operational aspects of your organization: **People, Process and Technology**.

ClearSkies™ Threat & Vulnerability Management Platform

Odyssey's award-winning **ClearSkies™ Threat & Vulnerability Management Platform** is a unique tool that supports organizations to unlock the intelligence of their log & event data, delivering near real-time visibility into their security posture, and enhancing their detection and response capabilities.

Managed Security/ Detection & Response Services (MS/DR)

Odyssey's **Managed Security / Detection & Response Services (MS/DR)** are designed to serve as a remote extension of your security operations, essentially supporting you in maintaining your digital infrastructure in an optimal operational and effectiveness state, whether they are in the cloud and/or on-premises.

Governance, Risk & Compliance (GRC)

Odyssey's **Governance, Risk & Compliance (GRC)** services enable your organization to reliably achieve objectives, address uncertainty and act with integrity towards enhancing corporate performance and accountability.

Threat Risk Assessment Services by IthacaLabs™

Odyssey's **Threat Risk Assessment Services by IthacaLabs™** help your organization Identify, Quantify and Prioritize Vulnerabilities and configuration Weaknesses found in your mission-critical systems, applications, IoT, network and security devices, whether in the cloud and/or on-premises.

Cloud Security

Odyssey's **Cloud Security** services assist your organization in developing your migration strategy through your entire cloud transitioning journey in a manner that addresses risks inherently present in such a transition, while optimizing your total cost of ownership.

Integrated Solutions

Odyssey's **Integrated Solutions** encompass leading state-of-the-art technologies, which along with our 20-year expertise and experience in the field, are tailor-made to enhance your organization's Information Security and Risk Management capabilities, irrespective of geographic dispersion or complexity, whether they involve on-premises and/or cloud environments.

Move from a Cyber Defensive posture to a Cyber Resilience position to be able to anticipate, adapt & quickly recover from Cyber, Internal & Third-Party threats.

Our Values

INNOVATION

We transform innovative ideas into progressive products and solutions that proactively address information security trends and challenges.

PASSION FOR PERFECTION

We strive towards perfection by instilling into our people the sense of leadership, ownership and perseverance, which we support through a corporate culture of strong teamwork, mutual respect, and professionalism.

CUSTOMER FOCUS

We place our customers in the centre of our business equation. Our unconditional commitment is to be ahead of their needs and constantly exceed their expectations by delivering high quality, adaptive and robust solutions. We develop and maintain long-term relationships with our customers who perceive us as a valuable business associate.

Our People

Our team consists of some of the best top-tier professionals in world. Their unique blend of skills and expertise together with vast talent, intelligence, experience and dedication are the driver behind our success. Our people's internal culture is that of excellence, extensive ongoing education, deep knowledge and expertise, and hands-on experience.

Our unique employee engagement and workplace satisfaction are the reasons behind our certification as a Great Place to Work®.

**Working together
to make the world a
safer place.**
